

A Mistaken Marriage with Mr. CEO Novel

Chapter 26 To 30

Chapter 26 Madam He knew about it.

Shen Qi looked at He Yi Ning with wide eyes, and said word by word, "Director He, narcissism is an illness, and needs to be treated."

Before He Yi Ning could react, a few servants by the side quietly turned their bodies.

This was the first time someone said that their CEO was narcissistic.

However, his CEO did have the qualifications to be narcissistic.

He Yi Ning narrowed his phoenix eyes and was about to speak.

Shen Qi continued: "If you are worried that I have a goal to get close to you, then this is good. I'll write you a promissory note and pay off all your debts before the end of the year. I promise that I will never appear in front of you again!"

www.onlinefreenovels.com

Finally, Shen Qi added in her heart: It's best if we never meet again!

He Yi Ning, however, leaned in close to Shen Qi. His finger instantly touched the center of Shen Qi's collarbone as he muttered softly: "Really? But now that I've heard that you have no money, I'm afraid that if you don't return the debt and run away secretly, what should I do?"

After saying these words, He Yi Ning lowered his body in an instant, and looked at Shen Qi in an indifferent manner: "It's not like you're willing to use other methods to pay off your debts, nor are you willing to become my professional stylist. Why don't I suspect you? Hm? Give me an explanation?"

Shen Qi clenched her teeth, and finally craned her neck, raising her head she said: "I am already married! So, Director He, you can be at ease!"

“Marry?” Hearing Shen Qi’s answer, He Yi Ning was obviously stunned for a moment, and then immediately laughed: “Interesting.”

“Yes!” I’m married! The money I owe you will definitely be repaid, but I also have my own freedom!” Shen Qi continued to grit his teeth and said: “If you don’t trust me, I can pawn my proof of qualifications to you. If I run away, I won’t be able to become a stylist for the rest of my life! Two million, ah no, one million and five hundred thousand in debt. I don’t have to pay my life’s work for such a small debt, do I?”

He Yi Ning immediately stood up straight, and looked at Shen Qi with an obscure expression.

He remembered it clearly.

Three months ago, this woman was crying hysterically in the rain. She said that Zhan Bo had died and would never come back ...

While she was unconscious, she kept shouting out Zhan Bo’s name.

Obviously, this Zhan Bo was the man she loved.

How could a dead man marry?

He Yi Ning pursed his lips, he was too lazy to prick Shen Qi and turned to leave: “Alright, I’ll allow you to stay for the time being. Oh, remember to leave your professional qualifications to the butler. “You said it yourself, you’re going to mortgage it to me.”

Looking at He Yi Ning’s back figure, Shen Qi gnashed his teeth in hatred.

Was he doing it on purpose? It must be intentional, right?

Shen Qi took the carriage purchased by the manor and left. He Yi Ning stood at the window on the third floor as he watched Shen Qi’s back.

He was also a little confused about himself.

He clearly hated the touch of any woman, but he only hated the proximity of her.

Even though she seemed to have avoided him from beginning to end.

Just then, the phone rang. He Yi Ning picked up the phone: "Hello? Ah ... Yeah, I got married for my big brother... What? Let me have a baby with her? Grandmother, stop messing around ... Alright, I still have some matters to attend to. I'll tell you about them later. "Bye bye, then!"

After hanging up, He Yi Ning gently sneered.

The Shen family who had borrowed a large amount of money from the He Family to sell off their daughter, how could they have the qualifications to give him a child?

Besides, he had no interest in that arrogant and despotic young mistress of the Shen family!

If there was a woman in this world who was qualified to give him children ... She was alone.

Chapter 27 Under Umbrella

Time flew, and Shen Qi was extremely busy these past few days.

During the day, he had to go to the make-up school to give a part-time lesson, and at night, he had to take the list. He had to pose for the young masters and mistresses attending various parties, and also go to the Shen family to bear the insults and visit his brother when he had free time.

In order to save enough money as soon as possible, Shen Qi wished that she could split the loot into two in an hour.

Other than having to sleep, she was too busy to even touch the ground.

Today, when Shen Qi finished her lessons, it started to rain heavily again.

Shen Qi vexedly realised that she had forgotten to bring an umbrella again.

There was still quite a distance from the training school to the subway station. If he were to rush over, his entire body would probably be drenched.

But for a taxi, it was very expensive to get from here to the villa.

Now that he was so short of money, Shen Qi could save one point each.

Shen Qi looked at the rain in the sky and decided to endure it.

Save the money for the taxi and you'll be able to buy a sketchbook for your brother.

Just as Shen Qi was about to rush out, an umbrella suddenly appeared above her head.

Shen Qi raised her head in shock, and turned around, but her entire person was still in a daze.

He Yi Ning looked at her with the umbrella, and said with an expression as if he was walking by unintentionally: "I passed by on the way, and saw that you didn't bring an umbrella. "Don't be too grateful to me."

Shen Qi was still a little dazed.

Why was He Yi Ning here?

There was a trace of unease on He Yi Ning's face as he said: "Let's go. Where are you going, I'll accompany you there."

Shen Qi regained her senses and immediately said: "Please send me to the subway entrance."

He Yi Ning wanted to say that he could drive her there, but when he thought about it, the last time he said that he would drive her home, she had clearly sent him a fake address.

He Yi Ning immediately said: "Okay, I'll send you there."

Shen Qi didn't say anything else and the two of them stepped into the rain together.

The rain was heavy overhead, and everything was quiet under the umbrella.

The two of them slowly walked through the rain.

No one said anything. The sound of the rain covered the sound of their heartbeats.

Shen Qi and He Yi Ning walked side by side, and for some reason, they felt their hearts at peace.

He Yi Ning didn't know why he ran over here either.

He really did pass by her just now. However, when he accidentally swept his gaze over the crowd, he instantly found her in the crowd.

Seeing that she was about to rush out in the rain, he somehow got an umbrella from his assistant, the Xiaochun, and took the initiative to give her the umbrella.

He originally wanted to return after giving the umbrella away, but when he met her eyes, he once again mysteriously said he wanted to send her over ...

Could it be that just because she had a birthmark that looked so much like the person she was looking for, he had paid attention to her?

Or was it because her evasion and resistance to him had aroused his desire to conquer her?

"I'm here, thank you." Shen Qi suddenly said, breaking the silence under the umbrella.

He Yi Ning raised his head to look at the entrance of the subway, his eyes twinkling slightly, "You're welcome. If you get sick, you won't be able to make money back to me. I also want to get my compensation as soon as possible. "

The peace that just surfaced in Shen Qi's heart was instantly shattered. "Director He, don't worry! My qualification certificate is still in Director He's hands, I don't dare to slack off. "Goodbye."

Throwing that sentence down, Shen Qi turned and rushed into the subway entrance.

He Yi Ning looked at Shen Qi's furious back, and could not help but smile again.

As he smiled, the surrounding people who were preparing to take the subway were all stunned.

He Yi Ning turned around, his car had already stopped behind him. Putting away the umbrella, he got on the car and quietly left the place.

Just as Shen Qi swiped her card to enter the station, her phone suddenly rang.

Shen Qi saw that the number was Shen family's, and immediately picked up the phone: "Hello? What's wrong with my brother? "

Shen Yin Yin's voice came out from the phone: "That foolish brother of yours actually ran away, I wonder where he went ..."

Shen Qi only felt a burst of coldness.

It had rained so heavily, but her brother had actually disappeared?

Chapter 28 Shen Lu disappeared

What did the Shen family do to his brother!

Brother would never run out for no reason!

He had the autism, if someone bullied him outside ...

Shen Qi didn't dare to think further!

Shen Qi immediately turned and ran out of the subway station, rushed to the middle of the street like a madman, and stopped a taxi with all her might, ignoring the driver's scolding.

The taxi driver saw that Shen Qi's face was pale white, and was about to roar, but Shen Qi directly took out two yuan and slammed it on the driver's seat, "Quick, go to the Shen Residence on the North Clear Road."

It was only ten minutes drive from here to the house, and two hundred dollars was enough for several trips.

Finally, the taxi driver, seeing that it was the money, took Shen Qi and rushed back to the Shen Residence.

Once he reached the Shen family, Shen Qi rushed in like crazy.

The servants by the side couldn't stop him.

When Shen Yin Yin saw Shen Qi rushing in covered in rain, she immediately said unhappily: "Shen Qi, what insanity are you trying to pull off?"

Shen Qi rushed in front of Shen Yin Yin and interrogated him sternly, "What did you do to big brother? He has the autism, he wouldn't even take the initiative to leave home! "

Shen Yin Yin carelessly said: "Oh, you mean that idiot? I didn't do anything? I just told him that you were married, that you didn't want him anymore, that you would never come back. And then that fool left. "

"What did you say?" Shen Yin Yin, how can you... " Shen Qi's eyes instantly turned red: "I already married you to the He Family for you, you promised me that you wouldn't treat my brother harshly!"

"Is that so? Did I say that? " Shen Yin Yin faked an expression of disdain as he combed through her hair: "But I don't remember anything! Your brother was so stupid, so stupid, drawing pictures every day that no one else could understand. "A person like him might as well die early, so as to avoid implicating others ..."

Shen Qi looked at her with despair. "What about mother? Big brother went missing, does mom know? "

"Of course I know! It was my mother who told me to call you! " Shen Yin Yin acted as if he wasn't supposed to be making such a fuss and scare the baby, "Ah, he's already been running for more than half an hour, I wonder if he's been hit by a car or not? Ya ya ya, if I were to be killed, how much compensation would I need? I just so happen to be lacking an Herm's Limited Edition Pouch ... "

Shen Qi kept retreating, she was truly unwilling to believe that everything she had heard today was actually true!

Good, very good.

The Shen family, you are very good.

Shen Qi gently closed her eyes and said: "Alright, since that's the case. Then we're even. I will bring my brother to live outside, and from

then on, I, Shen Qi will owe you nothing. You all better take care of yourselves. “

After saying that, Shen Qi plunged head first into the rain, frantically shouting out Shen Lu’s name.

The rain was so heavy that the sound of shouting was quickly swallowed up by it.

Shen Qi crazily searched the streets for a long time, but still couldn’t find any trace of Shen Lu.

Where could he go?

He had had autism since a very young age, he almost never went out, and almost never interacted with the people outside.

Shen Qi stood in the rain, tears mixed with the rain as they washed over her face.

The world was vast, and there was no place for her and her brother.

Shen Qi immediately knelt in the middle of the road, the raging waves of rainwater beside her feet flowing away.

Shen Qi cried loudly.

If her brother was lost, what face would she have to see her father?

No matter how busy and tired her work was, she wasn’t afraid!

Chapter 29 Shen Lu who was looking for his sister

His mother had cheated him of all his savings, so she didn’t care!

She didn’t mind being tricked by her stepfather’s family!

But, why was she still forcing her brother to leave when she was already so lowly?

Why did he have to force himself to do this?

Would the Shen family be happy if he forced his brother to his death?

Big brother, where are you? Where are you?

The rain above his head started to fall harder and harder, causing Shen Qi to cry until he was out of breath.

If he couldn't find his brother, what was the point in living? He might as well jump into the river and die!

Jump into the river... Jump into the river?

Shen Qi's eyes suddenly lit up!

River!

Could it be that brother is now ...

Shen Qi seemed to have thought of something, and frantically crawled out of the rain, stumbling as she ran towards a river not far from the Shen Family.

When he was young, he had gotten lost once before.

When the whole family found him, he would be by the side of that river.

Could it be that my brother will go to the river and find me?

Shen Qi ran towards the river like crazy.

From afar, Shen Qi saw an ethereal figure standing alone on the riverbank.

Shen Qi's heartbeat suddenly sped up!

It's big brother! It really is big brother!

Shen Qi was afraid that Shen Lu would not be able to take it lying down so she let out a loud roar, "Big brother, I'm here! "Brother ..."

Shen Qi rushed forward with a light kick.

Along the way, she fell a few times, but no matter how much it hurt, she would immediately get up and run towards Shen Lu.

Closer. Closer ...

Shen Qi could already clearly see Shen Lu's back.

Shen Lu, who was standing by the side of the river, turned around blankly. Looking at the stumbling Shen Qi, her extremely beautiful and lifeless face suddenly exploded with a burst of splendor: "Xiao Qi?"

Shen Qi rushed over while crying, and firmly held onto Shen Lu's body. All of the grievances abruptly exploded, and they all started to silently cry.

Shen Lu let Shen Qi hug him in a daze. After a while, he said satisfyingly: "Xiao Qi is back, it's so good."

Shen Qi hugged onto Shen Lu's waist, and silently shook her head. "Big Brother ... "You ..."

Shen Qi was already sobbing.

Shen Lu said happily: "Xiao Qi, you're back ..."

From what Shen Lu knew, he was very happy to finally be able to find Shen Qi by the river.

Shen Qi ruthlessly wiped her tears, "Brother, let's go home. We'll leave that wolf's den, and we'll never part again."

Shen Lu happily followed Shen Qi into the rain.

When Shen Qi regained her senses, she was actually at a loss.

If I leave the Shen family, where can my brother go?

The house he was currently living in was a villa provided by the He Family. Although there weren't many people in the villa, there were still people who came over to clean and send him food every day.

If he were to bring his brother with him, he would be done for if he were to be discovered.

Suddenly, Shen Qi remembered that she rented a small apartment, just for her and Zhan Bo's memories!

Although the apartment was small, it was only one room and one hall, around thirty square meters.

But big brother is very quiet, absolutely not noisy.

Not as good as...

Shen Qi turned her head to look at Shen Lu, and said after hesitating for a moment: "Big Brother, can we change to another place to live?"

Shen Lu lowered his head to look at Shen Qi, and his smile instantly became brilliant: "Okay."

Shen Qi was nearly blinded by her brother's smile.

Although he had known since he was young that his older brother was excessively good-looking, it was still rare for him to smile so happily.

Inexplicably, Shen Qi thought of the man who always had his eyes narrowed and the corners of his mouth slightly raised ...

His appearance was no different from his older brother's, yet when he smiled, it was so different ...

Shen Qi suddenly woke up from her stupor and patted the rain off her face.

What was going on?

Why did she suddenly think of him?

Chapter 30 Shen Lu's Inherent skill

Shen Qi no longer hesitated and directly brought Shen Lu to the villa that she had rented.

Although she didn't live here, she still had the basic necessities.

Shen Qi pushed Shen Lu into the bathroom to let him take a bath first, then she took out the clothes that Zhan Bo had once worn.

As he stroked the clothes that he had wrapped up, his memories that had been sealed away were slowly coming back to him. Shen Qi was suddenly a little dazed.

“Xiao Qi, I’m done.” When Shen Lu came out of the bathroom, his entire body was wrapped up in a big bath towel.

Only now did Shen Qi regain her senses, seeing her elder brother’s perfect and delicate figure, she could not help but blush.

Shen Qi hurriedly stuffed the clothes in her hands into Shen Lu’s chest. “Go in and change your clothes before coming out.”

Shen Lu obediently did as he was told. When Shen Lu came out again, he was already wearing Zhan Bo’s clothes.

Shen Lu was slightly taller than Zhan Bo, so these clothes were not really suitable for him.

However, it was better than nothing.

Shen Qi looked at her big brother’s incredibly beautiful face, which had become more and more beautiful after bathing. She couldn’t help but sigh and say, “You’re so good-looking, what should we do? “Come on, look down, I’ll dry your hair.”

Shen Lu obediently lowered his head and let Shen Qi wipe his hair.

After taking care of Shen Lu, only then did Shen Qi have the mood to take a hot shower, dry his hair and change his clothes.

When Shen Qi came out of the bathroom wiping her hair, she saw Shen Lu sitting on the floor, drawing lines very seriously.

After so many years, Shen Lu seemed to be fond of drawing lines.

Although no one could understand what he was drawing, he was drawing very seriously.

Shen Qi sat beside Shen Lu: “What are you drawing?”

“The password for Father’s safe.” Shen Lu answered without raising his head.

Shen Qi’s hand that was wiping her hair stopped moving. “Have you seen his password?”

Shen Lu nodded and said: “I’ve seen him drive once.”

Shen Qi pointed at the lines: “Why are you a line and not a number?”

Shen Lu tilted his head, but couldn't explain this problem.

Shen Qi picked up the piece of paper, and the lines on it were all different.

There didn't seem to be a pattern, but in reality, there seemed to be a pattern ...

Wait a minute, why does this long and short line look like a binary number?

Shen Qi's eyes moved slightly as she immediately took the pen in Shen Lu's hand. Under these lines, there were 1 and 0 long lines and short lines.

When Shen Qi finished writing, she was instantly stunned!

It was actually a six digit number code!

Wait a minute, brother had been born with the autism and had never learned how to use computers, how could he know that computers were binary?

Shen Qi immediately drew a set of numbers for Shen Lu: “Brother, draw another one.”

Shen Lu looked at the string of numbers, and without even looking at it twice, he immediately drew another string of lines of varying lengths on the paper.

When Shen Qi picked it up again, she was completely shocked!

Unexpectedly, everything was right!

Shen Qi asked anxiously: “Big brother, who did you learn this binary from? Hm? When did you learn it? “

Shen Lu obviously did not understand what Shen Qi meant, and only looked at him in a daze.

Shen Qi said patiently: “Un, how did you think of using these numbers to describe a line?”

Shen Lu finally understood and laughed: “Xiao Qi, Book.”

Shen Qi’s eyes instantly widened. “A book? You mean you’ve read my books? “

Shen Lu nodded.

Shen Qi felt her entire being turning bad: “Wait, you mean, you have read my computer textbooks, so you have learnt your own binary system?”
